Tuning:EADG

Okay, I worked out the basics of this song, and posted it here because there were no tabs for it. It s not perfect, but it s close. It s an easy song to play (just the two different lines and there s plenty of room for improvising. I m also not too sure on the 6 s in the riff, but they work.

Main Riff (Repeat through the song)

```

E|-----|
```

Pre-chorus (Can t stop running to ya, feel love running through ya...)
[This isn t the same as the song, but works. Feel free to put what you want here]
