

**Back To Tennessee**

**Billy Ray Cyrus**

**C**

Fancy cars and diamond rings,

**C7**

I seen all kinds of shiny things,

**F**

I should be feelin' like a king,

**C**

But lord I don't.

Great big towns, so full of users.

Make a million, still a loser.

Some may bet on you to win,

Most hope you won't.

**Em**

**Am**

Livin' wild, ain't no mercy being free,

**F**

When it brings you to your knees.

**F**

**G**

Can't keep lying.

**C**

I see the road now,

**C7**

I know just what I need,

**F**

**C**

To find my way back to Tennessee.

**C**

I'm going home now,

**C7**

To Southern, is so sweet,

**F**

**C**

And find my way back to Tennessee

I was only seventeen,

I lived behind my beauty queen,

I turned my back on everything,

And everyone.

Rooms with lots of pretty faces,

Still don't fill the empty spaces,

Wanderin' where Amazing Grace is,

There is none, no.

Now I know, there's no comfort in this world.

God I miss that hometown girl,

Want to hold her.

Iâ€™m on the road now,  
I know just what I need,  
To find my way back to Tennessee.  
Iâ€™m coming home now,  
To Southern, is so sweet,  
And find my way back to Tennessee

All this time I was chasing after dreams,  
It was right in front of me,  
I was lost without her.

Iâ€™m on the road now,  
I know just what I need,  
To find my way back to Tennessee.  
Iâ€™m coming home now,  
To Southern, is so sweet,  
And find my way back to you and me,  
Find my way back to Tennessee.
