

Overkill

Biquini Cavado

D A
I can't get to sleep
C G
I think about the implications
D A
Of diving in too deep
C G
And possibly the complications

D A
Especially at night
C G
I worry over situations
D A
I know will be alright
C G
Perhaps it's just imagination

Bm A
Day after day it reappears
Bm
Night after night my heartbeat
G A
shows the fear
F# G A
Ghosts appear and fade away

D A
Alone between the sheets
C G
Only brings exasperation
D A
It's time to walk the streets
C G
Smell the desperation
D A
At least there's pretty lights
C G
And though there's little variation
D A
It nullifies the night
C G
From overkill

Bm A
Day after day it reappears

Bm
Night after night my heartbeat
G **A**
shows the fear
F# **G**
Ghosts appear and fade away
A
Come back another day

D **A**
I can't get to sleep
C **G**

Of diving in too deep

And possibly the complications
D **A**
Especially at night

I worry over situations

I know will be alright

It's just overkill
