Overkill Biquini Cavadão

I can t get to sleep I think about the implications Of diving in too deep And possibly the complications Especially at night G I worry over situations I know will be alright Perhaps it s just imagination BmDay after day it reappears Night after night my heartbeat shows the fear F# Ghosts appear and fade away D Α Alone between the sheets Only brings exasperation It s time to walk the streets Smell the desperation At least there s pretty lights And though there s little variation It nullifies the night From overkill
