

Tea For Two
Bishop Allen

G

Come inside, shut the door

C

Grab the blankets off the floor

G

Let your sneakers dry there on the radiator

G

Here we are, winter again

C

Brittle bones and prickled skin

G

All the geese have flown

D

I wish I was a hibernator

C

And tonight it s clear to me

G

C

D

How a country could secede

Verse 2 (same as before)

We keep close, huddle tight

Near the stove, blue and bright

While the kettle warms, how long have we waited?

If they took this joy away

Small it is, but ours today

Well I know, I know, I wanna be liberated

C

G

And tonight it s clear to me

C

D

How a country could secede

G D

For a cup of tea

G D

For a cup of tea

G

For a cup of tea!

Verse 3 (same as before)

Here I am, for by sea

They took our bombs to take our tea

We will ring our bells to warn of their arrival

We keep close, huddled tight

Me and you, we ll be alright

And this tea for two will aid in our survival

And tonight it s clear to me
How a country could secede
For a cup of tea! x3
