Introdução da Linha do Baixo transcrita para violão

**Eb**      **Bb/D**      **Cm**

Quando começar as batidas eletrônicas, tente dedilhar usando os acordes da introdução,  
continue assim até o pre-refrao

**Eb**              **Bb/D**              **Cm**

We live on a mountain

**Eb**              **Bb/D**              **Cm**

Right at the top

**Eb**                              **Bb/D**              **Cm**

There s a beautiful view

**Eb**              **Bb/D**              **Cm**

From the top of the mountain

**Eb**              **Bb/D**      **Cm**

Every morning I walk towards the edge

**Eb**              **Bb/D**                              **Cm**

And throw little things off

**Eb**                              **Bb/D**              **Cm**

Like car-parts, bottles and cutlery

**Eb**              **Bb/D**              **Cm**

Or whatever I find lying around

pre-refrao (palhetada única)

**Eb**

It s become a habit

**Bb/D**

A way

**Cm**

to start the day

Refrao (batida normal)

**Eb**                              **F**

I go through all this

**Gm**                              **F**

Before you wake up

**Eb**                              **F**

So I can feel happier

**Gm**                              **F/A**

To be safe up here with you

(linha de baino novamente)

**Eb**              **Bb/D**              **Cm**

**Eb**              **Bb/D**              **Cm**

It s real early morning

**Eb**            **Bb/D**            **Cm**  
 No-one is awake  
**Eb**            **Bb/D**            **Cm**  
 I m back at my cliff  
**Eb**            **Bb/D**            **Cm**  
 Still throwing things off  
**Eb**            **Bb/D**  
 I listen to the sounds they make  
**Cm**  
 On their way down  
**Eb**            **Bb/D**            **Cm**  
 I follow with my eyes til they crash  
**Eb**            **Bb/D**            **Cm**  
 Imagine what my body would sound like  
**Eb**            **Bb/D**            **Cm**  
 Slamming against those rocks  
**Eb**  
 When it lands  
**Bb/D**  
 Will my eyes  
**Cm**  
 Be closed or open?

**Eb**            **F**  
 I go through all this  
**Gm**            **F**  
 Before you wake up  
**Eb**            **F**  
 So I can feel happier  
**Gm**            **F/A**  
 To be safe up here with you

**Eb**            **F**  
 To be safe up here with you  
**Gm**            **F**  
 To be safe up here with you  
**Eb**            **F**  
 To be safe up here with you  
**Gm**            **F/A**  
 To be safe up...
