

Sometimes Salvation  
Black Crowes

Intro: **F#>G#>A#>B A G# A**

Verse:

**B A**  
To lessen my troubles  
**G#**  
I stopped hanging out with vultures  
**A**  
And empty saviours like you  
**B A G#**  
I wish I had a nickel for every miracle  
**F#**  
That you easily tricked me into

Chorus:

**E D# C# B**  
You can lead a horse to water  
**G# E E D# C# B**  
But fate is another matter  
**B G#**  
So don't you surrender  
**E**  
Cause sometimes salvation  
**F# E D# C#**  
In the eye of the storm  
**F# E D# C# B**  
Sister do you want to try and find me

I've no time for accusations  
Or conversations  
On all the bad, bad things that you do  
Just a note from the jailer  
Drugs and the relation  
To all the people around you

Chorus

Solo

**B A**  
I've kept secret your superstitions  
**G#**  
And all its twisted wisdom  
**F#**  
That I fell into

Chorus

Sister do you even want to try and find me?
