Black and whites on the street
For me for me

I see my place in american waste
Faced with choices I can t take

D5 **C5** **D5** **C5**

D5 **C5** **A5** **C5**
On my own I see my fate

D5 **G5** **F5**
On my own on the way out
Small enough it s all spelled out
I know what I see what I want
The doors are closed in this maze

I see my place in american waste
Faced with choices I can t take
American waste american waste
On my own I see my fate

Boredom looks for it s kicks
Going down on death
I see it coming
I can t do anything

solo

Not for me not for me
I won t end up in the heap
I want out I m free
Burning burning

I see my place in american waste
Faced with choices I can t take
American waste american waste
On my own I see my fate
