

Im Making Eyes At You
Black Kids

Let me start by saying that Black Kids is a really great and underrated band,
And
you are here for the same reason, That being: They make great music and I hope
they come up with some new stuff in the future.

Capo 4th Fret

(Keyboard/intro)

So you want my affection?
We both know you ll only throw it away, but
If you must have a go,
Fine, okay
If you must have a go,
 F (leave the e string open on the F)
then go away

F,C,
F,C,
F,C,
F,G, (all upstrokes)

F
I m making eyes at you,
 C
I ve been making these eyes, now
 F
Making these eyes since 82
 C **F**
I ve been making them green, and grey, and brown and delta blues
 C
I m reciting the Mantra,
 F
But I cant tell you, cause you re missing to me,
 G
That s all you ll ever be

F **Am**
Oh, please don t, please don t, speak
(**Am**)
You ll kill the mystique
F **Am**
Let s not, let s not dance
(**Am**)
what are the chances of,
F **Am**
In between the drinks
(**Am**)

I cant help but think

F **G**

That even as we speak

(**G**)

we kill the mystique

F,C,

F,C,

(same chords as before, but sounds better when palm muted and strumming throughout)

You re missing to me

and I m missing much

Your sleepy panda eyes, those dangerous thighs, your dirty touch

You are the modest one,

but you re the one that I want

I m making eyes at you, that s all I ever do

Oh please don t, please don t speak

You ll kill the mystique, oh baby let s not, let s not dance

We ll ruin our chances of, in between the drinks

I can t help but think that, even as we speak

We kill the mystique

(Instrumental break/Solo) **F,C,**

So you want my affection

We both know you ll only throw it away

But if you must have a go, fine, okay

I said, if you must have a go then go away

Oh please don t, please don t speak

You ll kill the mystique, oh baby let s not, let s not dance

We ll ruin our chances, oh in between the drinks

I can t help but think that even as we speak

We kill the mystique

Outro fades with **F,C,**

The (**Am**) means chord is continued through that next set of counts

I did this all by ear but it sounds good to me, I usually just improvise the solo

but once I figure out how its played ill post it in a separate tab. Enjoy.
