

Ghost In Your Mind
Black Lab

Song Name: Ghost In Your Mind
Artist: Black Lab
Album: Passion Leaves a Trace (2007)

E **B** **A**
On a bus, in a dream I saw you, You were beautiful

E **B** **A**
a girl in a dress I could see through

C#m
And the colors that surround you

A
Like neon on the avenue

E **B**
the people all around you were dust in my eyes

C#m
And I wanted to believe you

A
The lies that I could see through

E **B**
But I never got between you and the ghost in your mind

A
Yeah, the ghost in your mind...

E
It s there in your eyes

B
There in your voice

C#m
But you re far away

A
You re far away

E
It s there in your eyes

B

There on your face

C#m

But you're far away

A

Far away

E

B

A

On a day, like today, I remember

E

B

A

How beautiful you could be to me

C#m

And the colors that surround you

A

Like a prince had come and found you

E

B

Picked you up and crowned you in the land of the blind

C#m

And I wanted to believe you

A

The lies that I could see through

E

B

But I never got between you and the ghost in your mind

A

Yeah the ghost in your mind
