Black Lab: Underground

A **E** **D**
piece yourself together again
Dm **A**
go on and put on your long blonde wig
A **E** **D**
do your best to smile for the crowd
Dm **A**
you re thinking things you wont say out loud
E
is there some way out?

G **D** **A**
lets come together, they ll never, bury us alive
G **D** **A**
ive stopped believeing your leaving an we never even fight
G **D** **A**
and all the good days and the bad days they re bleeding into one
E **D**
long night im sleeping through
E **D**
an i cant wake up can you

A **E** **D**
love is the virtue of liars
Dm **A**
she s wearing lipstick on her eyes
A **E** **D**
severnce is a virtue as well
Dm **A**
like making love through the bars of a cell
E
yes she rings my bell

G **D** **A**
lets come together, they ll never, bury us alive
G **D** **A**
ive stopped believeing your leaving an we never even fight
G **D** **A**
and all the good days and the bad days they re bleeding into one
E **D**
long night im sleeping through
E **D**

an i cant wake up can you

E **G#**
coz i cant breathe i cant see
A **Am**
i dont wanna die but i cant live this life
E **G#** **A**
another way an away, uncover me
Am
when im underneath

E **G#**
underground, under earth,
A **Am**
theres no lights, no sound
E **G#**
no machines, no pretending
A **Am**
feel safe underground
E
underground

And that s the lot. the G in the chorus may be a bit off but its close enough.
I love this song and in the years since I first sat down and figured it out
it still not been uploaded to UG by anyone so I thought i d do it
for those few people out there who care. corrections (if necessary) are
welcomed. :)
