

Walk Slow  
Black Lab

Intro/Bridge: **Dm F C**

Verse:

**Dm F C**  
Well there s smoke from underneath the bed  
**Dm F C**  
Like her father s eyes touching her instead  
**Dm F C**  
And just around ten the lights low she cuts her hair, she s walking slow  
**Dm F C**  
I know she s walking by herself

Chorus:

**Dm F C Dm**  
So go on walk by now there s nothing left to wait around  
**F C**  
For this time  
**Dm F C Dm**  
Go on walk slow now there s nothing left to wait around  
**F C**  
For when you re falling out. Falling down

[Bridge]

Verse:

**Dm F C**  
There s a cross that hangs above the gate  
**Dm F C**  
Are the ties that bind old enough to break  
**Dm F C**  
She covers her eyes covers her mouth north carolina headed south  
**Dm F C**  
I know she s walking by herself

Chorus:

**Dm F C Dm**  
So go on walk by now there s nothing left to wait around  
**F C**  
For this time  
**Dm F C Dm**  
Go on walk slow now there s nothing left to wait around  
**F C**  
For when you re falling out. Falling down

[Bridge]

Verse:

**Dm**          **F**          **C**  
And the trees bend down where she goes  
          **Dm**          **F**          **C**  
And the river gods are waiting down below  
          **Dm**          **F**          **C**  
And I shut my eyes shut mouth shut my heart gotta cut it out  
          **Dm**          **F**          **C**  
I know she s walking by herself

Chorus:

**Dm**          **F**          **C**                          **Dm**  
So go on walk by now there s nothing left to wait around  
**F**          **C**  
For this time  
          **Dm**          **F**          **C**                          **Dm**  
Go on walk slow now there s nothing left to wait around  
**F**                          **C**  
For when you re falling out. Falling down

---

This is my first. Maybe I made some mistakes in the chords and their positions.
