

Death March Intro
Black Label Society

Ok so this tab is a little sketchy, but it has the basic drift of the song. I couldn't find any (good) tabs for this song so I took a shot at it. I know the first part is a little off, and it's only tabbed for one guitar, the 2nd guitar is bending and doing a bunch of wa wa shit. For now I got the intro down, maybe I'll come back to this tab and fix it up. Enjoy!

X = mute
/ = slide
p = pull off
~ = let ring

That's basically how the song is until the chorus and shit where it breaks down and then there's a solo.
