

**Like A Bird**  
**Black Label Society**

Simple but great Song from Zakk!

Black Label Society  
Like a Bird

Intro

**Dm F C**

I sit back and I close my eyes,  
lookin back at all the lows and all the highs.  
Through the black and white and in between  
All the miles I ve walked,  
the wars I ve fought,  
And all I ve seen.

**F C Dm**

It all seems like yesterday.

**F C G**

Like a bird, time does fly.

**F C Dm**

No sooner than you said hello.

**F C Dm**

Its time, it s time, it s time to say goodbye.

Consumed by worry, stress and fear,  
Never learning to live  
Weighed down by wondering why we re here  
Collected memories  
All that s in the end  
I guess a sense of peace wasn t meant for some, my friend.

It all seems like yesterday, oh,  
Like a bird, time does fly.  
No sooner than you said hello.  
It s time, it s time, it s time to say goodbye,  
goodbye,  
goodbye,  
goodbye.

Solo

It all seems like yesterday, oh,  
Like a bird, time does fly.  
No sooner than you said hello,  
It s time, it s time, it s time to say goodbye,  
goodbye,  
goodbye,

goodbye.
