

Wont Find It Here
Black Label Society

Artist: Black Label Society
Song: Won't Find It Here
Album: Hangover Music Vol. VI
Chords by: Nofate1313

I know it's not perfect but it should help point you in the right direction (as far as the acoustic rhythm track goes anyway). I left out some small chord changes, but it's really just the movement of a finger here or there. You can figure it out easily by listening to the song.

This is my first submission so I'm still kinda figuring this out and learning as I go along. If you have any tips or suggestions, feel free to message or comment.
