Lyrics

Spread your love like a fever
And don t you ever come down
Spread your love like a fever
And don t you ever come down
I spread my love like a fever

I ain t ever coming down

She gave me love like a big fire
I only saw it once
She spread her love like a fever
She s bad, but not enough

(I m so little)
Spread your love like a fever
(I m so little)
And don t you ever come down
(I m so little)
Spread your love like a fever
(I m so little)
And don t you ever come down
I spread my love like a fever
I ain t ever coming down

She spread her love like a big fire
I only saw it once
She gave me love like a sister
She s bad, but not enough

(I m so little)
Spread your love like a fever
(I m so little)
And don t you ever come down
(I m so little)
Spread your love like a fever
(I m so little)
And don t you ever come down
I spread my love like a fever
I ain t ever coming down

Spread your love like a fever
And don t you ever come down
Spread your love like a fever
And don t you ever come down
Spread your love like a fever
Spread your love like a fever
Spread your love like a fever
Spread your love like a fever
