

Weight Of The World
Black Rebel Motorcycle Club

Bm **Em**
This is more than I wanted,
G **Em D**
Take me out of the dark, I roam there,
Bm **Em**
Cold and black, you re out of touch, yeah,
G **Em D**
Lightly falling through a whisper, you re scared.

C D Em7 A C D Em7 A
It s the weight of the world, I know, as I struggle to be...whole.
C D Em7 A D Em7
It s the weight of the world, I know, as you were mine, and we will find...

Bm **Em**
This is stranger than love or loss,
G **Em D**
Turning backwards you face the dawning,
Bm **Em**
No excuse for a wasted life,
G **Em D**
Lightly falling through a whisper of sky.
