

**It's Alright**  
**Black Sabbath**

**C** **Em/B**  
Told you once about your friends and neighbours  
**Am** **G**  
They were always seeking but they ll never find it  
**F** **C**  
It s alright,yes it s alright  
**C** **Em/B**  
Where to go and where to see  
**Am** **G**  
It s always been this way and it can never be  
**F** **C**  
It s alright,yes it s alright  
**C** **Em/B**  
Give it all and ask no return  
**Am** **G**  
And very soon you ll see and you ll begin to learn  
**F** **C**  
That s it s alright,yes it s alright  
**C** **Em/B**  
Don t you know that it s so good for you  
**Am** **G**  
You can be making love and see it all go through  
**F** **C**  
But it s alright,yes it s alright
