

Solitude

Black Sabbath

Okay, here s all of Black Sabbath s Solitude -- except bass and flute, but I ve got the lyrics here. A really easy song to play, slow and beautiful, too.

For the last verse play the G and F chords that are shown in the last bar of the second interlude, everywhere else it s the chords shown in the intro (including most of the end).

It s in 6/8 time, and I tried to tab it accordingly, but some hammers, pulls, slides, and 16th-notes kind of messed it up; but other than that, the timing s pretty accurate (-- = 1 8th-note).

KEY:

- X Mute string
- (6) Ghost note
- 6h9 Hammer on note
- 9p6 Pull-off note
- 6s9 Slide to note
- / Slide up to/down from infinity
- 6b9 Bend to note
- 9r6 Release to note
- Play note while bent
- ^^ Hold bend
- ~~ Tremolo
