

Crown Of Thorns
Black Veil Brides

Seven years have come and gone
All that s left are scriptures songs
Livin with the pieces of my memories
And I ll guard all the dyin and kill all abandoned hope
When martyrs die who is left to hide the moonlight?

C D E

I will walk through hell
in these words I ve fell
Straight into your arms
With this crown of thorns
With my crown of thorns

Drag me into sky black lungs, give you hope to rise above
Am I what you want or who I had to be?
And I m not the Messiah and I can t heal a broken home
I ll give you my life and my pride to live through tonight

I will walk through hell
in these words I ve fell
Straight into your arms
With this crown of thorns
With my crown of thorns

Faith incarnate through the darkness
Sins of carnage we ve become of

I will walk through hell
in these words I ve fell
Straight into your arms
With this crown of thorns
With my crown of thorns
