Lost It All
Black Veil Brides

Intro
A#m G#   F#   D#m F

VERSE 1

A#m   **G#**
        I ruled the world
                  F#
        with these hands I shook
          D#m   **F**   **A#m**
        the heavens to the ground.
                      G#   **F#**   **D#m**   **F**
        I laid the gods to rest.
A#m   **G#**   **F#**
        I held the key to the kingdom lions,
        D#m   **F**   **A#m**
        Guarding castle walls.
                G#   **F#**
        Hail the king of death.

CHORUS

G#   **A#m**   **F#**
        Then I lost it all, dead and broken.
        G# **A#m**   **F#**
        My, back s against the wall. Cut me open.
        G#   **A#m**
        I m just trying to breathe, just trying to figure it out.
              F#
        Because I built these walls to watch them crumbling down.
           G# **A#m**   **F#**
        Saying, Man I lost it all.

        Who can save me now?

BRIDGE
A#m G#   F#   D#m

VERSE 2

A#m   **G#**   **F#**
        I stood above, another war.
               D#m   **F**   **A#m**
        Another jewel upon the crown
                  G#   **F#**   **D#m** **F**

```
                     I was the fear of men.
A#m                  G#                      F#
          But I was blind I couldn t see,
                               D#m       F         A#m
          The world there right in front of me.
              G#       F#
          But now, I can.

          YEAH

CHORUS

G#        A#m                    F#
          Because I lost it all, dead and broken.
          G#  A#m                      F#
          My, back s against the wall. Cut me open.
          G#                                          A#m
          I m just trying to breathe, just trying to figure it out.
                   F#
          Because I built these walls to watch them crumbling down.
              G# A#m                F#
          Saying, Man I lost it all.

          Who can save me now?
