

Savior

Black Veil Brides

It s not 100% right but i sounds like the original song so enjoy

Em **C** **D** **G**
I never meant to be the one who kept you from the dark
Em **C**
but now I know my wounds are sewn
D **G**
because of who you are
Em **C** **D** **G**
I will take this burden on and become the holy one
Em **C**
but remember i am human
D **G**
and im bound to sing this song

C **D** **Em** **C** **D** **Em**
so hear my voice remind you not to bleed
C **D**
i am here
Em **C**
A saviour
D **G**
will be there
Em **C** **D** **G**
when you are feeling alone, ohh
E **C**
A saviour
D **G**
for all that you do
Em **C** **D** **G**
so live freely without their harm

Em **C** **D** **G**
so here i write my lullaby to all the lonely ones
Em **C** **D** **G**
remember as you learn to try to be the one you love
Em **C** **D** **G**
so i can take this pen and teach you how to live
Em **C** **D** **G**
what is left unsaid, the greatest gift i give
