

**Learning To Fly**  
**Blackbear**

[Verse 1]

**A** **F#m** **E**  
Iâ€™ve been sleeping on the floor, Iâ€™ve been praying a little more.  
**B** **A**  
God, just light the way, open up the door.  
**F#m** **E**  
yeah, Iâ€™ll be paying for my sins, â€™cause itâ€™s all I can afford.  
**B** **F#m** **G**  
Iâ€™m wrong for what I did, just hear me out a little more.  
**D** **A**  
Iâ€™m learning to survive these so called friends of mine,  
**E** **D**  
and the people that surround are nowhere to be found.  
**A** **G**  
and Iâ€™m learning to control the grudges that I hold.  
**D** **A** **G** **A**  
and the anger in my fist means so much less than this.

[Chorus]

**D** **A** **E**  
Iâ€™m learning to fly and taking the risk of crashing to the ground,  
**B** **D**  
swallow my pride and pick off all the ones who drag me down.  
**A** **E**  
itâ€™s meant to be you and me, Iâ€™m finding out who Iâ€™m supposed to be.  
**B** **A**  
when I found you, I found me.  
**E**  
mmm, I found me.

[Verse 2]

**D** **F#m** **E**  
Iâ€™ve been livinâ€™ on the street, thereâ€™s not much left for me.  
**B** **D**  
God, just lift me up, God, just set me free.  
**F#m** **E**  
Iâ€™ll be lucky if I get some sleep, Iâ€™ll be blessed to find something to eat.  
**B** **G**  
now Iâ€™m looking for relief in false hopes and beliefs.  
**D** **A**  
and Iâ€™m learning to survive the longest winter nights.  
**E** **G**  
and all the holes in my clothes, so decisions that I chose.  
**A** **G**  
and now my own mom and dad, they wonâ€™t pick up the phone.

the God that I prayed to all this time was someone I didn't know.

D A E B

Iâ€™m learning to fly and taking the risk of crashing to the ground,  
 swallow my pride and pick off all the ones who drag me down.  
 itâ€™s meant to be you and me, Iâ€™m finding out who Iâ€™m supposed to be.  
 when I found you, I found me.  
 Iâ€™m learning to fly and taking the risk of crashing to the ground,  
 swallow my pride and pick off all the ones who drag me down.  
 itâ€™s meant to be you and me, Iâ€™m finding out who Iâ€™m supposed to be.  
 when I found you, I found me.  
 mmm, I found me.
