

**Glass House**  
**Blackfield**

**G**  
Goodbye old friend, my paranoia

**C**  
We ll meet again someday

**Am** **D**  
Life is running out

**G** **C** **G#** **F**  
I guess I had enough, I need to go now

**G**  
I used to live in a house of glass

**C**  
Where no one comes or goes

**Am** **D**  
Watching life outside

**G**  
I used to stand behind the door

**C**  
And hope the wind won t blow

**Am** **D**  
And mess my fears around

**G** **C** **G#** **F**  
It took me so long to find out where they re hiding.

**F**  
Music like rain

**C**  
Over my deepest feelings

**Bb** **G**  
And you re faking that

**F**  
Music like rain

**C**  
Over my deepest feelings

**Bb** **G**  
And you re faking that

**C** **G#** **F**  
Faking that...

**G** **C** **Am** **D** (X2)

**G**  
Goodbye old friend, my paranoia

**C**  
We ll meet again someday

**Am** **D**  
Life is running out

**G** **C** **G#** **F**  
I guess I had enough, I need to go now
