Verse 1 :

D# **Am#**
For a friend It makes no difference
F#
If you please yourself in sense
C#
That will ease you to get plain

You caught a racketeer
Emb **G#**
A ship that you can t steer when you re left behind

(same)
Hold your breath cause you may need it soon
When you re packed in your cocoon
And you erase the silver sun
It s like an open end
To choose what you ve planned when you re left inside

Emb **G#**
A fairytale will come and ease your day
Emb **G#**
Don t be afraid the bliss is on its way
Emb **G#**
It s coming straight to take the fake away
F#
To take the fake away
F
Take the fake away

Verse 2 :

Come to bed and sleep will heal your pain
Embed yourself in vain
Like a reptile for the saint
No need to concentrate
Recede from all you hate cause you re leaving now

A fairytale will come and ease your day

Don t be afraid the bliss is on its way
It s coming straight to take the fake away
To take the fake away
Take the fake away
