Sometimes you need to be lost just to be found
 You need to go to come back around
 You need to set someone free for them to return
 You live and learn

But do you love me just the way I am?
 Do you need me? will you take my hand?
 Do you see me through the mystery
 Do you believe, believe in me?

Solo: Dm G Dm G E

I ve heard it said that true love is blind
 All this is just a state of mind
 If you re not looking you will never find

You ll be left behind

But do you love me just the way I am?
Do you need me? will you take my hand?
Do you see me through the mystery
Do you believe, believe in me?
