E B Hm G#m
She passes the days one after the other
A E E B
She never sees, she never hears
E B Hm G#m
Counting the hours, her life is a rerun
A E B E
A series of failures rolled into one.

When she was young she looked towards the future.
Eyes full of promise, a heart filled with joy
How had her road twisted so harshly
Can these two women be one and the same.

B **E**
 Once she dreamed of romance
B **E**
 Once she imagined she lived in a castle
B **G#**
 Once she held the world in her hands
Hm **B** **A** **E**
 Once was a long time ago far far away.

(E), B, Hm, G#m, A, E, B, E

How her mind aches, her life s been a hard one
 Filled with such sorrow, no girl should know
 How her heart aches, she s loves and she s lost
 Some say its better, but she disagrees.

B **E**

B **E**
 Once she imagined she lived in a castle
B **G#**

B **F#** **F#** **H**
