     Ebm                        B                   Bb
I ve been to many places I ve travelled  round the world
G#m           B                    Ebm
Always on the search for something new
Ebm                        B                   C#
But what does it matter When all the roads I ve crossed
G#m           B            Bb
Always seem to lead back to you...
```
