   G#m                                  G#m      F#        G#m
I saw three ships a-sailing in from across the sea
G#m                                          G#m     F# G#m
Strangers ne er were welcome but for curiosity
     G#m              C#m        F#   G#m    Ebm      F#    | F# |
But come they did and when they did ready they did stand
      G#m                                 E      F#       G#m
And things would never be the same in our Village on the Sand...

G#m                                   G#m     F#          G#m
When the ships pulled in to dock the villagers did hide
      G#m                          G#m       F#        G#m
When trouble came it usually was brought upon the tide
G#m               C#m       F# G#m       Ebm     F#      | F# |
When the pirates disembarked they were making plans
         G#m                                  E     F#       G#m
And from then on things were not the same in our Village on the Sand...

     G#m                              G#m    F#          G#m
The smugglers came into our town and many sought to run
   G#m                              G#m      F#         G#m
I stood my ground bravely and came face to face with one
G#m             C#m      F#    G#m        Ebm      F#    | F# |
Time and travel on the seas weathered face and hand
        G#m                         E      F#       G#m
He was different than others in my Village on the Sand...

   G#m                                  G#m       F#      G#m
He told me of the years he d spent on the stormy seas
     G#m                               G#m       F#   G#m
But Then he spoke a poet s words of philosophy
     G#m               C#m        F#       G#m       Ebm       F#     | F# |
And when he had to leave again he asked me for my hand
       G#m                                E        F#       G#m
And I knew I d never see again my Village on the Sand
