Once a world of glittering hope

Is between me and you

We are not alone

I had once believed in angels
They were everywhere I looked
A gentle hand guiding me

To give more than I took

But I have died a thousand times
Watching all these angels fall
Their lonely eyes haunt me still
We will avenge them all

(the instrumental part is in Em)
ONE WHOLE step from now on! (to Bm)

*Bring me mead and bring me ale
To help us face this fight again
Good fortune will shine down on us
Together we will win

And they will never break our spirit
We will never turn and run
And we will rise stronger still
