Limit
Blackout Problems

 [Intro]
C#m A E

[Pre-Chorus]
                   C#m
I ve been ready for take off
                      A
Been waiting for your call
I d pick up the phone
                          E
I ve been waiting for the right day
             C#m
Straight after take off
           A
I come right down
You stay way up
                      E
There s no meeting in the night train

[Pre-Chorus]
              C#m   **A**
No matter what it takes my friends
                 E
We came to raise the limit
              C#m   **A**
No matter what it takes my friends
               E
We came to raise, we came to raise

[Chorus]
A
  I knew it from the start that I
E
  Can only choose the right way
    C#m
I ll take it, take it
A
  We knew it from the start that there s
E
  Only one right way
C#m
Take it, take it
A   **E**
  We came to raise the limit

[Verse 2]
```
                  C#m
There s common ground for
                 A
Mistakes like us
Full of lust
                 E
And a lack of conscience
                     C#m
Try to keep things moving
                     A
 Cause I ve been stuck
Somewhere at the start
            E
For far too long now
```

[Pre-Chorus]
```
                   A
No matter what it takes my friends
                       E        C#m
We came to raise the limit
                   A
No matter what it takes my friends
                     G#m
We came to raise, we came to raise
```

[Chorus]
```
C#m                                    A
  I knew it from the start that I
E
  Can only choose the right way
I ll take it, take it
A
  We knew it from the start that there s
G#m
  Only one right way
C#m
Take it
A                         E
  We came to raise the limit
```

[Verse 3]
```
          C#m
Endless affection
        A
For the trouble and the mess
            E
We ve put ourselves through
                   C#m
I swear it will be worth it
```

```
            A
After the struggle
                                    E
We ll forget about the disappointments

[Pre-Chorus]
                  A
No matter what it takes my friends
                        E        C#m
We came to raise the limit
                  A
No matter what it takes my friends
                    G#m
We came to raise, we came to raise

[Chorus]
C#m                                A
  I knew it from the start that I
E
  Can only choose the right way
I ll take it, take it
A
  We knew it from the start that there s
G#m
  Only one right way
C#m
Take it
A                           E
  We came to raise the limit

[Outro]
C#m
  2, 3, 4
C#m
C#m                         C#m    C#m
  We came to raise the limit

C#m               C#m
  Came to raise, came to raise
C#m               C#m
  Came to raise, came to raise

(fade out)
```
