Verse: **G - Em**

Chorus: **C - Am - G**

Bridge: **G - Em**

VERSE

They ll steal your soulâ€™s
And turn them into gold
While the village of them all
Made cities out of homes

CHORUS

But it s you I said
You keep running through my head
I swear it so

VERSE

Longing for the wild
In innocence of a child
In the end of a tribe
And the start of the crimes

But these blood red skies
Cover my eyes
From the sleepless nights
And a haunted life

CHORUS

But it s you I said
You keep running through my head
I swear it so

BRIDGE

Cause there are voices in my head
People screaming youâ€™re not dead
Iâ€™m not sure

These kingdoms in my veins
Last playing childrenâ€™s game
Itâ€™s oh so obscure

But it s you I said
You keep running through my head

I swear so
