CAPO 4

Verse 1

**C2 D**

Ive been down this road  
Longer than I planned  
I never thought Id last  
But look at where Ive been  
Miles mark my steps  
My shoes are wearing thin  
If Im to stay this course  
I need a strong gust of wind

Chorus

**Am, C, G, D, x2**

**Em, C, G, D, x2**

Wont you Hold me now  
Cause I need your arms to  
Come pick me up again  
Hold me Now  
Cause I need your love  
To come catch me when I fall

Verse 2

**C2 D**

I need to see your light  
As darkness hides this land  
A vision more than mine  
More like youve always had

And I admit Im lost  
Without your steps that are paved for me  
Cause I dont ever want to wander  
Streets that dont matter  
Cause youre the goal that I seek

End on **Em**
