They re skimmin garbage and skinning over disappointing gifts from friends

Am **D** **G** **Em** **A7** **C**
Oh God, couldn t I just change the history of my life sometimes.
G **Em** **A7** **C**
history of my life, somehow

I m growing my hair out on my head and on my face right now
I m gonna try real hard to keep from speaking very loud

oh god couldn t I change the history of my life somehow
history of my life, somehow

some field where the rains never fell
like the sky owns the ground a wishing well
but I m living on a dry spell
throwing ashes into flames

oh god couldn t I just change the history of my life, sometimes

G **C** **G**
I ve been smiling so long, I couldn t hardly see
C **G** **C** **G**
my parents weren t in love but they were taking care of me
Am **G**
I ve taken much more than some people ever see in their lifetime

maybe I now something turning the sea around
the sun sprouting seeds from underground
someone is coming to rely on me somehow

but oh god couldn t I change the history of my life
