```
Do You Remember
Blake Shelton
Capo 2
Intro
A E F#m D
  Where are you now?
                 F#m
Who s holdin you now?
When your world stands still, do you remember?
 Leave were fallin
              F#m
We were fallin
Almost like a dream, do you remember?
F#m
   Seasons changed
We both changed
Sometimes I go back to when
We ran, put our feet in the water
We danced, didn t care who could see
We sang every song to each other
Summer would end, but not for me
I still feel the hope in your kisses
I still feel the sun on your skin
I swear I was holdin forever back then
Do you remember?
```
