Intro: D [Run] A

                  G                                  D  
You were just someone, some friend of mine said  
          Em                                  G                                  D [Run] A  
Take her out and have yourself a good time  
          G  Em  
To be honest I was far from over a broken heart  
                                  G                                  D  
You were the furthest thing from my mind  
          A  G  
And it didnâ€™t seem to matter to you  
          A  G          A  
That I looked away when we were introduced

[Chorus]

                  D  Em  
â€™Cause you broke the ice with that killer smile  
                                  D  G          A  
Ordered us a drink and we talked awhile  
          D                                  Em                                  D  
And I slowly started coming around  
          G  A  D  
Now here I am  
  
                  G                                  D                                  Em  
To tell the truth I did my best to tell myself  
          G                                  D                                  [Run] A  
Hey donâ€™t forget the last time  
          G  D  
Then I stood there in disbelief  
          Em                                  G                                  D                                  [Run] A  
At how easily you got to me with your eyes  
          A

You reached across the table

**G**

And you took my hand

**A**

**G**

**A**

And I knew I was in trouble right there and then

[Chorus]

**D**

**Em**

â€™Cause you broke the ice with that killer smile

**D**

**G**

**A**

Ordered us a drink and we talked awhile

**D**

**Em**

**D**

And I slowly started coming around

**G A Em**

Now here I am

**A**

Down on one knee

**Em**

**D**

Am I gettinâ€™ to you baby

**G**

**A**

The way you got to me

[Repeat Below 2x]

**D**

**Em**

â€™Cause you broke the ice with that killer smile

**D**

**G**

**A**

Ordered us a drink and we talked awhile

**D**

**Em**

**D**

And I slowly started coming around

**G A D**

Now here I am

[Chord over the chorus 1x]

[Run]
