

**Flame On My Head**  
**Blaudzun**

**G** **C** **G**  
I wanna go down to the sea again

I wanna go down

**C** **G**  
I donâ€™t know when

**Am** **Em**  
I wanna go even if I am snowed out.

**G**  
I wanna go

I wanna go seek your heart in place  
I wanna go far  
I wanna go down flat face  
I wanna grow old and hold your body  
Next to me

I wanna go up I wanna grow out I wanna go now  
I wanna go mad and shout it out  
I wanna go peace will hold no wall will bring me down

**F** **C** **G**  
Carry the way by the ghosts in your bag  
Does it look I got a flame on my head

I wanna grow wings  
I wanna go chasing you  
I wanna go tell me not to do it  
I wanna go take your doubts  
I wanna go laugh sweet sound machine

I wanna go down  
I wanna go south  
I wanna go home  
I wanna go hear the northwind blow  
I wanna go peace will hope no more  
and will bring me down

Carry the way by the ghosts in your bag  
Does it look I got a flame on my head

youâ€™ll be the laughter and I ll be the joke  
It doesnâ€™t matter how far we will go

Donâ€™t waste your hands on the tambourine ghosts  
I wanna go I wanna go

I wanna go I wanna go  
I wanna go I wanna go
