

Flame On My Head

Blaudzun

G **C** **G**
I wanna go down to the sea again

I wanna go down

C **G**
I donâ€™t know when

Am **Em**
I wanna go even if I am snowed out.

G
I wanna go

I wanna go seek your heart in place
I wanna go far
I wanna go down flat face
I wanna grow old and hold your body
Next to me

I wanna go up I wanna grow out I wanna go now
I wanna go mad and shout it out
I wanna go peace will hold no wall will bring me down

F **C** **G**
Carry the way by the ghosts in your bag
Does it look I got a flame on my head

I wanna grow wings
I wanna go chasing you
I wanna go tell me not to do it
I wanna go take your doubts
I wanna go laugh sweet sound machine

I wanna go down
I wanna go south
I wanna go home
I wanna go hear the northwind blow
I wanna go peace will hope no more
and will bring me down

Carry the way by the ghosts in your bag
Does it look I got a flame on my head

youâ€™ll be the laughter and I ll be the joke
It doesnâ€™t matter how far we will go

Donâ€™t waste your hands on the tambourine ghosts
I wanna go I wanna go

I wanna go I wanna go
I wanna go I wanna go
