E **B** **A**
Passing all the pictures on the wall

Counting all the stairs I know them all

Knowing there is nothing left to say
E **B** **A**
I take her by the hand and lead the way
 A **B**
I lead the way for
E **A**
When she comes
C#m **B** **E**
And she wants all the world to know
 A **C#m**
She calls my name, she calls my name
 B **E**
And she never lets me go
 A **C#m** **B**
Have all my efforts found the way
E **A** **C#m** **B**
Have all my efforts gone astray

Waiting by the closet down the hall
I can see her shadow on the wall
All of this for a bum like me
Beauty only for my eyes to see
I can see it
When she comes
And she wants everyone to know
She calls my name, she calls my name
And she never lets me go
Have all my efforts found the way
Have all my efforts gone astray

F# **A** **E**

Feel all emotions dripping down into my face
