Find myself singing the same songs everyday
Am C G F Am C G F

Ones that make me feel good
Am C G

When things behind the smiles ain't okay

Around and over and in-between the seas
Am C G F Am C G F

I need to be on top of a mountain
Am C G F

Where I can be see everything
Am C G

Cause this paranoia s getting old

Now as I open my eyes to start another day
Am C

I m in a pile of puke
G F

Empty bag of excuses
Am C G F let ring

My love for friends and family
F let ring
you know I need them

And under a sun that s seen it all before
Am let ring C let ring

My feet are so cold
G let ring F let ring

And I can't believe that I have to bang my head against this wall again

But the blows they have just a little more space in-between them
Am C G F Am C G F

Gonna take a breath and try, try again.
