```
Which Side Im On
Blind Pilot
[Intro]
[Verse 1]
Even the robin that cuts the dawn
Even his sound knows which side he s on
             C
Nothing that stays where it has been
In the black
                    C
And the light is a candle on my screen
Flickers the real love, the same old dream
Holding me in this middle moon
Looking back
[Verse 2]
I won t let it drink me down
Like a secret
               C
I won t give in any more
Than I ve given
No matter how or hard enough
                                D
I m still gonna drink from that broken cup
Yeah, it knows which side I m on
[Chorus]
I have done wrong, I ve done wrong, I ve done wrong
And that weight will follow me
But that weight is the world s
```

```
The world s not mine
It is the place where I am
                       D
And I have lost, I have lost, I ve lost
And that won t let go of me
But that story s not me
It s just who I can t change
And not who I can
[Verse 3]
I don t see the desert for its sand
I don t see the water for dry land
All that I love has turned to fuel for the fire
It s gonna burn me with its touch
It s gonna fill my loving cup
It knows which side I m on
[Chorus]
I have done wrong, I ve done wrong, I ve done wrong
And that weight will follow me
But that weight is the world s
The world s not mine
It is the place where I am
                       D
