

Mission Moon
Blitzen Trapper

(these lyrics could be somewhat off, but they re mostly right)

G **C**
The cops shine on down beacon street
G **C**
Their guns unused you know their songs incomplete
Dm **C** **Bb** **F**
But I m all washed up you know I m dead on my feet
C **G** **F** **C**
As midnight turns to morning
G **C**
It s sirens sound out through the rain
G **C**
My sort turns slow like a weather vain
Dm **C** **Bb** **F**
My heart holds a sorrow that I just can t explain
C **G** **F** **C**
As midnight turns to morning
C **G** **F** **C**
As midnight turns to morning

Am **G**
I d sleep if I could cause I should but I cant
Eb **Bb** **C**
I wear my weary disguise on my head like a hat
F
Keep the man off my back for awhile

Same as before:

A black dog howls at the city gate
The pale moon s mother makes me hesitate
The cold brown calls you know I just cannot wait

As midnight turns to morning
As midnight turns to morning
As midnight turns to morning

Am **G**
I d sleep if I could cause I should but I cant
Eb **Bb** **C**
I wear my weary disguise on my head like a hat
F
Keep the man off my back for awhile

C **F** **Am**
Beware the man who doesn t say what he means
Cm **Gm** **Bb**

For he means just what he says when he says what he cannot say
On a day like today (day like today)
To meet the mission rules
Its comin soon
