Tuning: standard

PLEASE NOTE: There are currently two versions of this song. One can be downloaded from DIFFERENT SONGS. The version from the website is only 3:42 long and is less dance like . The song I am tabbing is the other version which happens to last for 5:25(imho the better version). The two songs do contain some likeness of riffs however, just mixed up and in different rhythms. Thank you

Work out the rhythms for yourselves by listening to the track
