Double Take - Blondie

Verse 1:

G

Looking for your face where it could never be,

D

I'm following a trail only I can see.

Em

Raising waves of heat.

C

I press on in tiny bursts of speed.

G

Caught in my pursuit, I pay the fetish admission.]

D

The longing that I feel drives me mad in no direction.

Em

Nailed by something cute,

C

I tear it out with microsurgical precision.

Bridge:

Em

Incender,

C

Put some gas on the ember,
Lightning goes to ground...

Em

Incender,

C

Crazy fool on a bender,
Striking the ground,

D

Burning me down.

Chorus:

G

Double take,

D

love with an aftertaste.

C

I look again, was it your face?

G

Double take,

D

I m in an altered state.

C

I look again,

D

Was it really you?

Verse 2:

G

Another flash of fate, igniting and familiar,

D

Pulls me by the eye to the perimeter.

Em

Revisiting my gaze...

C

Is that your face in the crowd?

Bridge:

Em

Incender,

C

Put some gas on the ember,
Lightning goes to ground...

Em

Incender,

C

Crazy fool on a bender,
Striking the ground,

D

Burning me down.

Chorus:

G

Double take,

D

love with an aftertaste.

C

I look again, was it your face?
