Look Good In Blue
Blondie

```
                    Bm
You look good in blue
    Em                                        F#
It matches your skin your eyes dripping with pain
             Bm              Em
Someone like you, getting off on the lies
                                  F#
 Cause it dulls your surprise again
                   Bm
If it s alright with you,
        F#                        E          Bm
I could give you some head and shoulders to lie on

                  Bm
You look good in blue
   Em                                           F#
I know what you mean when you say you ve seen the end
             Bm
Someone like you
     Em                                         F#
Been at it again, you knew what was up in the end
                   Bm
If it s alright with you
        F#                        E          Bm
I could give you some head and shoulders to lie on

F#
Throw your weight on me baby
Em
Don t complain on me baby
D           C#
Escape in me next to me

(solo) Bm   Em   Bm   Em   Bm   B

G#                         C#
I m tired always tired and I got not place to sleep
G#                             F#
Don t mind dividing down the line
G#
Can t say that I m complaining
         C#
 Cause I got no place to play yeah
G#                             F#     Bm
Don t mind dividing down the line

                  Bm
```

You look good in blue
    Em   **F#**
It matches your skin your eyes dripping with pain
                          Bm
If it s alright with you
        F#   **E**   **Bm**
I could give you some head and shoulders to lie on
            F#   **E**   **Bm**
Yes, I could give you some head and shoulders to lie on

(**F#** **E** **D** **C#** **Bm**)
