

Half Moon Street  
Blood Ceremony

[Intro] Am C G Am

Am

There s a horror in my soul

F D Am

That I want so very much to know

I ve learned the arts

From the worst blackguards

F D Am

And now I m living under the rose

F D Am

I want to free this devilry

F D Am

Hellhound running loose

F D Am

Hothouse phantoms thrill my mind

F D Am

If you only knew

( G Em )

Am

Oh yes, I know

A place where evil grows

F D Am

Like monstrous orchids in thorny rows

To rend and twist

With horrid artifice

F D Am

Like Bacchus pursuing Amethyste

F D Am

I want to free this devilry

F D Am

Hellhound running loose

F D Am

Hothouse phantoms thrill my mind

F D Am

If you only knew

( G Em )

F G Am

There s a light on Half Moon Street

**F**                    **G**                    **Am**  
In this house we often meet  
**F**                    **G**                    **Am**  
As my enemies grew bolder  
They moved in closer  
**F**                    **G**    **Am**  
But I m in league with something older

**Am**  
And now it is time  
Alive with drugs and wine  
  **F**    **G**    **Am**  
This world and all the rest I ll leave behind  
Their mysteries I ve been told  
I ve been brought deep into the fold  
  **F**    **G**    **Am**  
Of a circle unspeakably old

**F**                    **D**                    **Am**  
I want to free this devilry  
**F**                    **D**                    **Am**  
Hellhound running loose  
**F**                    **D**                    **Am**  
Hothouse phantoms thrill my mind  
**F**    **D**    **Am**  
If you only knew

( **G** **Em** )

**F**                    **G**                    **Am**  
There s a light on Half Moon Street  
**F**                    **G**                    **Em**  
London house of witchery  
**F**                    **G**                    **Am**  
As my enemies grew bolder  
They moved in closer  
**F**                    **G**    **Am**  
But I m in league with something older

( **F** **C** **D** )

( **F** **Am** **C** **D** **F** )

[Final] **Am** **C** **D** **F** **G**
