

As I Moved On
Blue Foundation

Bm **A** **G** **F#**

Come and dance, come

Bm **A**

I was all alone, going for a ride

G **F#**

Travelling solo, off my guard

Bm **A**

I had to follow this calling from the wild

G

Into the shadows

F#

Into the shadows of my heart

Bm

I needed all my strength to

A

Stand up to your agenda

G

F#

I said it, I said it again

Bm

I never wanna become

A

Stuck in your machine

G

F#

I said it, I said it again

Bm **A** **G** **F#**

Come and dance, come

Bm **A**

And as I moved on, thought I d blow my mind

G **F#**

But as it turned out, I was wrong

Bm **A**

I met my sorrow, saw her in the eyes

G
She tried my courage

F#
She tried my courage, but left me stronger

(You better stand up straight and you gotta be strong
You gotta fight for your right and reclaim your own song)

Bm
I needed all my strength to

A
Stand up to your agenda

G **F#**
I said it, I said it again

Bm
I never wanna become

A
Stuck in your machine

G **F#**
I said it, I said it again

Bm **A** **G** **F#**
Come and dance, come
