Song: Mountain Girl  
Artist: Blue Mountain  
Album: Dog Days  
Tabbed by: Julie Moffitt

I noticed there aren t any Blue Mountain songs are on OLGA so I thought I would put one up and see if someone else out there has any. I read somewhere that this is really played in DGDGAD tuning but I worked this out in standard tuning. Let me know what you think!

I don t know what chords exactly these are named so I m just naming them **G(1)**, **G(2)** and **G(3)** If you use your pinky on the high G it is pretty easy. Listen to the song to get the rhythm right. There s more to this that needs to be tabbed out maybe someone can use this for a starting point.

|   | <b>G1</b> | <b>G2</b> | <b>G3</b> |
|---|-----------|-----------|-----------|
| e | 3         | 3         | 3         |
| B | 0         | 0         | 3         |
| G | 0         | 2         | 0         |
| D | 0         | 0         | 0         |
| A | x         | x         | x         |
| E | 3         | 3         | 3         |

Intro:

**G(1) G(2) G(3) Em D Am }2X**

Verse 1:

**G**

Does anyone remember

**Em**

Does anybody care

**D**

The days we danced together

**Am**

With feathers in our hair

**G**

Rivers ran together

**Em**

To sing a crystal tune

**D**

Stones skipped on the water

**Am**

Circles around the moon

Chorus:

**Em**                    **Bm**

Ooh hey yea yea

**Em**

When the full moon shines

**Am**

The mountain pines are swaying

**Em**                    **Bm**

Ooh yeah yea

**Em**

Close your eyes and listen

**Am**

To the guitars playing

**G**(like intro) **Em D Am** }2X

Verse 2:

(same chords as Verse 1)

Built a box together, filled it full of songs

and buried it on the mountain beneath a pile of bones

Then we said goodbye forever, to the hell that was our home

and set out across the flatlands, for 40 years to roam

Repeat Chours

Outro: **G**(like intro) **Em D Am** }2X
