Song: Mountain Girl  
Artist: Blue Mountain  
Album: Dog Days  
Tabbed by: Julie Moffitt

I noticed there aren t any Blue Mountain songs are on OLGA so I thought  
I would put one up and see if someone else out there has any.  
I read somewhere that this is really played in DGDGAD tuning  
but I worked this out in standard tuning. Let me know  
what you think!

I don t know what chords exactly these are named so I m  
just naming them **G#(1)**, **G#(2)** and **G#(3)** If you use your  
pinky on the high G it is pretty easy. Listen to the  
song to get the rhythm right. There s more to  
this that needs to be tabbed out maybe someone can use  
this for a starting point.

	<b>G1</b>	<b>G#2</b>	<b>G#3</b>
e	3	3	3
B	0	0	3
G	0	2	0
D	0	0	0
A	x	x	x
E	3	3	3

Intro:

**G#(1) G#(2) G#(3) Fm Eb Bbm }2X**

Verse 1:

**G#**

Does anyone remember

**Fm**

Does anybody care

**Eb**

The days we danced together

**Bbm**

With feathers in our hair

**G#**

Rivers ran together

**Fm**

To sing a crystal tune

**Eb**

Stones skipped on the water

**Bbm**

Circles around the moon

Chorus:

**Fm**

**Cm**

Oooh hey yea yea

**Fm**

When the full moon shines

**Bbm**

The mountain pines are swaying

**Fm**

**Cm**

Oooh yeah yea

**Fm**

Close your eyes and listen

**Bbm**

To the guitars playing

**G#**(like intro) **Fm Eb Bbm** }2X

Verse 2:

(same chords as Verse 1)

Built a box together, filled it full of songs

and buried it on the mountain beneath a pile of bones

Then we said goodbye forever, to the hell that was our home

and set out across the flatlands, for 40 years to roam

Repeat Chours

Outro: **G#**(like intro) **Fm Eb Bbm** }2X
