Song: Mountain Girl  
Artist: Blue Mountain  
Album: Dog Days  
Tabbed by: Julie Moffitt

I noticed there aren t any Blue Mountain songs are on OLGA so I thought I would put one up and see if someone else out there has any. I read somewhere that this is really played in DGDGAD tuning but I worked this out in standard tuning. Let me know what you think!

I don t know what chords exactly these are named so I m just naming them **F(1)**, **F(2)** and **F(3)** If you use your pinky on the high G it is pretty easy. Listen to the song to get the rhythm right. There s more to this that needs to be tabbed out maybe someone can use this for a starting point.

	<b>G1</b>	<b>F2</b>	<b>F3</b>
e	3	3	3
B	0	0	3
G	0	2	0
D	0	0	0
A	x	x	x
E	3	3	3

Intro:

**F(1) F(2) F(3) Dm C Gm }2X**

Verse 1:

**F**

Does anyone remember

**Dm**

Does anybody care

**C**

The days we danced together

**Gm**

With feathers in our hair

**F**

Rivers ran together

**Dm**

To sing a crystal tune

**C**

Stones skipped on the water

**Gm**

Circles around the moon

Chorus:

**Dm**                    **Am**

Ooh hey yea yea

**Dm**

When the full moon shines

**Gm**

The mountain pines are swaying

**Dm**                    **Am**

Ooh yeah yea

**Dm**

Close your eyes and listen

**Gm**

To the guitars playing

**F**(like intro) **Dm C Gm** }2X

Verse 2:

(same chords as Verse 1)

Built a box together, filled it full of songs

and buried it on the mountain beneath a pile of bones

Then we said goodbye forever, to the hell that was our home

and set out across the flatlands, for 40 years to roam

Repeat Chours

Outro: **F**(like intro) **Dm C Gm** }2X
